

September is Prostate Cancer Awareness Month

Understanding the Impact of Prostate Cancer

#1
diagnosed
cancer
in the U.S. for men.

2nd
leading
cause of cancer
death in the U.S.
for men.

It is estimated that
1 in 8
men will be
diagnosed with
prostate cancer
during their lifetime

Men ages
50 & Older
are encouraged to
speak to their doctor
about screening

Black men
are about
2.4 times
more likely to die
of prostate cancer
than Caucasian
men.
